Team 2773
Edmond Memorial High School
***FIRST*® Robotics Competition**

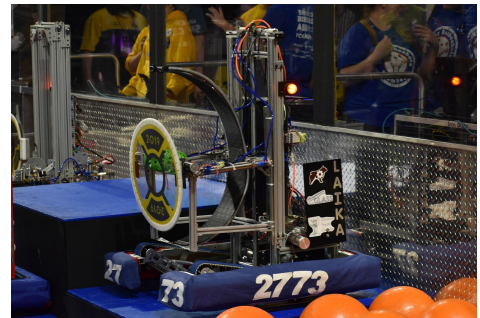

IRONDOGZ

Team 2773 - Edmond Memorial High School

Who Are We?

We are The IronDogz, FRC Team No. 2773, Edmond Memorial High School's representatives to the *FIRST* Robotics Competition. We formed in 2008, with the goal of inspiring students to become future leaders and innovators. Every year since, we've competed against thousands of teams from around the world in robotics. *FIRST* combines aspects of science, technology, and engineering with the excitement of a competitive sport. The beginning of each year brings us a new challenge, and our team has only a few months to design, manufacture, and test a robot from scratch.

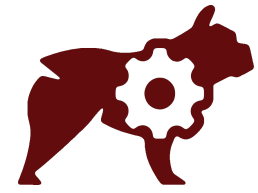

Our members are immersed in the engineering process, and have opportunities to develop a variety of skills including machining, CAD, software development, fundamental electronics, teamwork, and leadership. Through a partnership with the IronDogz, your company can help build a strong foundation for the world's next generation of pioneers and innovators.

Sponsorship Details

Maintaining an FRC team is not an easy task, there are many expenses and a large amount of effort is required to keep things running smoothly, we could not manage to cover everything without the help of generous organizations and individuals who choose to sponsor us.

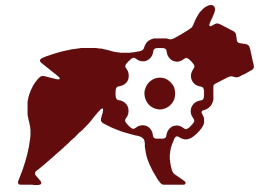

Team Budget

What follows is an approximate breakdown of the team's necessary annual expenses,

| Category | Cost | Description |
|--------------------|-----------------|--|
| Event Registration | \$9,000 | Registration for two Regional events. |
| Travel | \$8,000 | Transportation of team and robot to Regional events. |
| Robot | \$4,000 | Parts and materials for a single competition robot. |
| Marketing | \$1,500 | Team promotional materials including T-Shirts, Buttons, and Banners. |
| Meetings | \$1,000 | Meeting expenses including food, and educational materials. |
| Total | \$23,500 | |

Ways to Help Us

- **Financial**

Financial donations allow us to cover our team's operating costs, and give us opportunities to provide a better educational experience to our members through the purchase of new equipment and higher quality materials.

The IronDogz robotics team has a supporting booster club registered as a 501(c)(3) non profit organization and monetary donations are eligible for a tax exemption.

- **In-Kind**

Donations of in-kind services including access to machinery, software, and printing, are also appreciated.

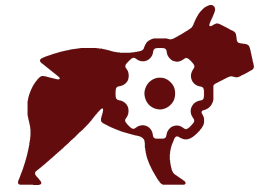

- **Mentors**

Our team depends on a foundation of experienced volunteer mentors, currently, we are looking for mentors with practice in the following:

- Mechanical Engineering
- CAD (SolidWorks)
- Software Development (Java)
- Electrical Engineering
- Business Management

Sponsorship Tiers

Gold

\$2000 or more in support

- Organization logo featured prominently on competition robot
 - Organization logo prominent on team clothing
 - Organization featured on prominently team promotional items including pamphlets and banners
 - Signed letter of appreciation
 - Framed picture signed by the team
 - Invitation to team events
-

Silver

Up to \$2000 in support

- Organization logo on competition robot
 - Organization logo on team clothing
 - Signed letter of appreciation
 - Organization featured on team promotional items including pamphlets and banners
 - Invitation to team events
-

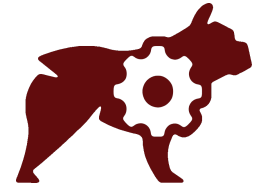

Bronze

Up to \$500 in support

- Organization name on team clothing
- Signed letter of appreciation
- Invitation to team events
